Finzsoft Congratulates Sush Mobile on the Kiwibank Home Hunter App Receiving NZ Innovators Award

AUCKLAND, 16 October 2014 – [Finzsoft Solutions Limited](#) (NZX:FIN), the Auckland-based financial technology company, congratulates its wholly-owned subsidiary, [Sush Mobile](#), on being part of the team to develop the Kiwibank Home Hunter app, which was named a winner at last night's New Zealand Innovators Awards 2014.

The New Zealand Innovators Awards are an initiative of the New Zealand Innovation Council that aims to recognise great kiwi talent and the commercialisation of New Zealand products and services. The 2014 winners were announced at an event in Auckland last night with the Kiwibank Home Hunter app taking home the Innovation in Financial & Professional Services Award.

A collaboration between [Sush Mobile](#), [Kiwibank](#) and [Springload](#), the Kiwibank Home Hunter app was developed to create an extraordinary home-buying experience, and a simple and smooth home loan application process for Kiwibank current and potential customers.

Sush Mobile was acquired by Finzsoft in September this year and Finzsoft Managing Director Andrew Holliday says the Kiwibank Home Hunter app is a great example of how Sush Mobile are leading the way in Mobility and creating the cool tech of the future.

“Innovation and commitment to excellence is embedded in Sush Mobile’s culture. We are very proud to have them as part of our team, and to work together on transformative Mobility projects,” said Andrew Holliday.

Together, Sush Mobile and Finzsoft leverage ‘mBank’ solutions to respond to the key current disruptive trends in banking – O2O (Online to Offline), IoT (Internet of Things) and Customer Centricity. The companies have already partnered on mobile banking apps that Finzsoft has sold into local building society and credit union clients, as well as [St George Bank](#), a division of Westpac Banking Corporation, as part of the company’s latest work orders.

Sush Mobile founders and joint managing directors, Sheenu Chawla and Sulabh Sharma are proud of the success of the Kiwibank Home Hunter app, and the outcomes it has achieved for Kiwibank.

“We’re dedicated to creating success for our clients by developing solutions that result in timely and demonstrable value to their business. We’re extremely proud of the Kiwibank Home Hunter app because we feel it is a perfect fit for Kiwibank, and it has proven to be an app that people love using,” said Sheenu Chawla.

As the bank’s strategic lending onboarding platform, the Kiwibank Home Hunter app is fully integrated into Kiwibank’s back-end systems, providing efficiency for the bank as well as a streamlined experience for the customer.
