FINZSOFT SOLUTIONS UPDATE ON FY14 FULL YEAR RESULT (UNAUDITED)

AUCKLAND 1 May 2014 - [Finzsoft Solutions](#) (NZX:FIN) Finzsoft has performed strongly for the year ended 31 March 2014 based on its unaudited financial statements, with:

1. An increase in Total Revenue in excess of 5 percent;
2. An increase in Net Profit after Tax in excess of 75 percent; and
3. An increase in EBITDA in excess of 65 percent,

in comparison with the financial year ended 31 March 2013.

The Auckland based banking and finance software company that provides software and solutions to service banks and financial institutions, said increased investment by its customers on Finzsoft's products to enhance their existing systems and introduce new ecommerce services, including both mobile and tablet, was behind the result.

Finzsoft Managing Director, Andrew Holliday said there had already been a strong start to FY15 with the [announcement](#) that it had received the first material work orders from long-term client, St George Bank in Australia to assist with the integration of the Auto and Equipment Finance business of Capital Finance Australia Limited (CFAL) [acquired](#) from the Lloyds Banking Group Australia.

Andrew Holliday reconfirmed the company's strategy of focusing on known revenue opportunities in Australia and New Zealand and tightly managing costs, whilst continuing with investment in research and development and growth opportunities in Asia.

"To remain a market leader in banking software, Finzsoft continues to invest heavily in research and development of its Sovereign banking software to provide our customers and their customers with the latest financial technology."

Finzsoft has offices in Auckland, Singapore, Malaysia and Australia and employs over 40 staff. Since its launch 25 years ago, the company has become a leading provider of software for banks and financial institutions in Australasia.
